NATIONAL ANTI-BULLYING WEEK 16-20 NOVEMBER 2009

A safe life. A happy environment. Where our children and young people can grow, learn and play. That's what we seek. That's why we're here.

Founded in 2002 by NSPCC and National Children's Bureau, the Anti-Bullying Alliance (ABA) brings together over 60 organisations into one network. We look to develop a consensus around how to stop and prevent bullying. We aim to influence policy, and we work to develop and disseminate best practice.

The members come from the voluntary, statutory and private sectors and bring with them a wealth of expertise and experience. Together, we're working to end fear, working to bring hope to thousands of children and young people affected by bullying every year. The most recent DCSF guidance on bullying in schools – *Safe to Learn* – states that the aims of school anti-bullying strategies and intervention systems are to:

- prevent, de-escalate and/or stop any continuation of harmful behaviour.
- react to bullying incidents in a reasonable, proportionate and consistent way.
- safeguard the pupil who has experienced bullying.
- trigger sources of support for the pupil.
- apply disciplinary sanctions to the pupil causing the bullying and ensure that they learn from the experience, possibly through multi-agency support .
(*Safe to Learn* 2007).

During this week all KS2 children should have brought home an information and advice leaflet regarding Cyber Bullying (bullying via the internet or mobile phone). If your copy did not arrive please contact the school office
